**AN INTRODUCTION TO MACOMB COUNTY**

The first white settlement in Macomb County was built in 1784 on the banks of the Clinton River, then known as the Huron River. A missionary group known as the Moravians pitched their tents on the south bank of the river approximately three miles west of Mt. Clemens, in the summer of that year. Known as "New Gnadenhutzen", the mission had the distinction of being the first settlement in the State of Michigan. Four years later the Moravians were forced to leave the area by the Chippewa Indians.

In 1796, a settlement was established again on the Clinton River by a man named Christian Clemens. This settlement, later named Mount Clemens, was located a few miles downstream from the one previously established by the Moravians. The area of Macomb County was then part of Wayne County which included almost the entire State of Michigan and portions of Ohio, Indiana, Illinois and Wisconsin.

In 1818, Macomb County (named after General Alexander Macomb) was formally organized as the third County in the State of Michigan, after Wayne and Monroe Counties. At that time, it covered a much larger area than it does today, extending north through much of the thumb area, east to Lake Huron, and west to the middle of the State. The southern boundary, Eight Mile Road, served as the baseline of the State. In 1819 and 1820, large portions of the County were removed to form the Counties of Oakland, Lapeer, Genesee, and St. Clair. Two years later, the current boundaries were reached when small portions of land were added back to the County.

Urbanization in Macomb County paralleled that of most

other areas in the eastern United States during the nineteenth century. Mainly devoted to agriculture, the County contained a number of villages where population was concentrated. By 1920, two significant developments occurred that would shape the future of Macomb. The first was the establishment of Selfridge Field near Mount Clemens in 1917, which was to spur growth of that area. The other development, much more significant, was the beginning of the urbanization movement northward from the City of Detroit.

Macomb County is located within the northern segment of one of the largest metropolitan areas in the nation. As such, it enjoys the benefits of the larger urban center, Detroit, while still possessing suburban and rural characteristics.

The County Seat, Mount Clemens, is approximately twenty miles north of the City of Detroit, 80 miles north of Toledo and 285 miles northeast of Chicago. Excellent highway routes to Canada and all parts of the United States accentuate Macomb County's favorable location. The dynamics of the Detroit Metropolitan Area are reflected in the substantial residential, commercial and industrial development in the County.

The locational advantages of the County are among its best assets. These include:

- A good system of interstate, State and County highways, with more to be constructed;
- Close proximity to important business and industrial centers in the State;
- Large recreation facilities located within the County;
- Open land for the development of residential, commercial, industrial and recreational uses;
- Access to the commercial and recreational advantages of the Great Lakes.

These factors continue to play a large part in the growth of Macomb County. Currently, the population of Macomb County is approximately 686,000 persons.

Only 482 square miles in area, Macomb County is the

ninth smallest of Michigan's 83 counties, yet it has a population which ranks third in the State and is larger than that of seven states and the District of Columbia.

Macomb County is known as "The Boating Capital of the World" since there are over 40,000 pleasure crafts registered in the County, most of which are berthed at the 91 marinas and at homes located on the many miles of canals and shoreline.

There are four privately licensed airports in the County. Selfridge Air National Guard Base in Harrison Township is the home of elements of the active Air Force, Air Force Reserve, Air National Guard, Army, Navy, Marine Corps and Coast Guard. Selfridge takes pride in being the only base to have permanently assigned flying units from all five of the uniformed services.

Each of the automotive "Big Three" has extensive operations in Macomb County, the largest being the General Motors Technical Center, located in Warren. The Tech Center is where many General Motors products are developed and it's often called "the magic square mile". The site covers more than 1,000 acres and the entire research complex was designed by Eero Saarinen.

Chrysler Corporation has eight operations in the County, including the new Sterling Heights Assembly Plant which began operation in late 1984.

Romeo is the home of Ford Motor Company's Michigan Proving Grounds and Tractor and Equipment Plant, two of eight Ford operations located in Macomb County. Ford's newly expanded Vinyl Plant and Paint Plant in Mount Clemens, two automotive assembly operations in Utica and Chesterfield, the Sterling Axle Plant and the Van Dyke Transmission and Chassis Plant complete Macomb's Ford family.

Agriculture is an important industry in Macomb County. Its diversified program includes such products as roses, mushrooms, bedding plants, sod, cash crops, vegetables, nursery stock, fruit, dairy and beef. These are but a few of the total of twenty-one different agricultural enterprises flourishing in Macomb County.

## GENERAL INFORMATION

### COUNTY OFFICERS

The Michigan Constitution provides that the voters of each county must elect a Prosecuting Attorney, Sheriff, County Clerk, Register of Deeds, County Treasurer and Drain Commissioner or Public Works Commissioner every four years.

### CLERK AND REGISTER OF DEEDS

Macomb County has combined the Clerk and Register of Deeds offices and Edna Miller holds that office.

Over 1,110 different services are performed by the office of the County Clerk, most of them statutory.

The County Clerk is clerk of the Circuit Court and clerk of the following Boards: Board of Commissioners, Board of Election Commissioners, Tax Allocation Board, Board of County Canvassers, County Plat Board, Civil Service Commission, Election Scheduling Committee and Concealed Weapons Licensing Board.

Other functions of the Clerk are primarily record keeping in nature. The Vital Records Section has records of county births and deaths from 1867, marriage licenses issued from 1819. Certificates of assumed names and co-partnerships, records of discharges of military personnel and records of those persons authorized to practice certain professions are some of the various records the Clerk is required by law to keep. The Clerk issues marriage licenses, notary public commissions, concealed weapon permits and processes passport applications and naturalization petitions.

All Circuit Court cases, both civil and criminal, are started in the Clerk's office and records of these cases, dating from 1848 are kept here.

The Clerk's Election Department conducts state and county elections. The canvass of votes in state, county

school and some city and township elections is under the jurisdiction of the County Clerk who is responsible to the Michigan Secretary of State for certified results of elections.

The Register of Deeds records all deeds and mortgages which have to do with properties located within the boundaries of Macomb County. All subdivision plats within the county are also on record in the Register's office. Financing statements on automobiles and other personal property are filed, as are attachments, lis pendens, federal tax liens, Michigan tax liens, mechanics liens and Sheriff's deeds.

### PROSECUTING ATTORNEY

In Macomb County, the Prosecuting Attorney's office is on the Sixth Floor of the Court Building. It is staffed with 38 attorneys — Prosecuting Attorney Marlinga and his 37 appointed Assistants. ### **BOARD OF ROAD COMMISSIONERS**

The three Road Commissioners are appointed by the Board of County Commissioners to operate the Road Commission in accordance to the procedures as outlined in Act 51 of Public Acts of 1951, as amended.

The duties of the Road Commissioners are to formulate policies for the administration of the Motor Vehicle Highway Funds (gasoline and weight tax) the only source of State revenues as received by the Road Commission Board for construction and maintenance of approximately 2,692 lane miles of County primary and local systems, and for the construction and maintenance of approximately 700 bridge and drainage structures under the jurisdictional authority of the Road Commission Board.

### **SOCIAL SERVICE BOARD**

The law requires that each county create a Social Services Board consisting of three members. The Board is responsible for supervising and evaluating the administration of adult hospitalization, medical care facilities (Martha T. Berry Memorial Medical Care Facility) and county foster care for children. The Board also represents the "public interest" and assures appropriate accountability for programs and services administered by the Macomb County Department of Social Services.

## **DEPARTMENT OF SOCIAL SERVICES**

The program and administrative costs of the Department are both state and federally funded. The employees are classified as state employees under the jurisdiction of the rules and regulations established by the Michigan Civil Service Commission as well as by labor contracts. The County department, under the direction of the Michigan Department of Social Services, administers the following financial assistance programs — Aid to Dependent Children, General Assistance, Food Stamps, Emergency Needs, Medical Assistance. It also administers the following social services programs — Children's Protective Services, Adult Protective Services, Adoption, Foster Care, Community based services for Delinquent Children, Foster Care Home licensing, Employment and Training programs, Adult Services and Prevention Services for Families.

## **TAX ALLOCATION BOARD**

State law requires that each county have a board to allocate the constitutional 15 mill tax levy between the county, townships and school districts, on the basis of need, as determined by a survey of the tentative budgets submitted by each of the units.

## **BOARD OF TAXATION (EQUALIZATION DEPARTMENT)**

This department maintains assessment and equalization records, surveys assessments and assists the Board of Commissioners in the matter of equalization of assessments and assists the local assessing officers in the performance of any duties imposed upon such officers. This includes development and maintenance of accurate property descriptions, the discovery, listing and valuation of properties for tax purposes and the development and use of uniform valuation standards and techniques for the assessment of property.

## **TRAFFIC SAFETY ASSOCIATION OF MACOMB COUNTY**

State law allows each county to establish countywide traffic safety organizations. In 1965 the County established the Traffic Safety Association of Macomb County to provide assistance to all public officials in dealing with traffic safety matters.

Operating funds and leadership are provided by local communities, the county and private industry. In addition to direct assistance to communities, the Association develops public information for the motoring public to assist in making Macomb a safer place for everyone to drive and walk in.

The Alcohol Highway Safety Program is administered by the Association. The program is an educational approach to the problem of drinking and driving. Judges and Secretary of State personnel refer participants to the program.

## **VETERANS AFFAIRS**

This department provides assistance to veterans and/or their dependents with filing claims for federal benefits with the Veterans Administration. These benefits consist of disability compensation, pensions for veterans, pensions for widows and/or minor children, federal burial allowances, headstones, government life insurance, educational and vocational programs and medical and dental outpatient treatment or hospitalization in Veterans Administration hospitals.

The Veterans' Affairs department also administers the county burial allowance program, the soldiers' relief program and the Michigan Veterans Trust Fund. Special counseling is furnished on many problems affecting the veteran and/or his dependents.

Dominating the emblem of Macomb County is the County outline flanked by a sailboat and three gears which represent recreation and industry, two of the County's greatest assets. The banner traversing the County's outline contains three triskelions, an age-old symbol, representing progress. The date, 1818, is the year Macomb County was established. Circumscribing the emblem are the words Macomb County and Michigan, separated by five-pointed stars — symbols of quality.
