

Macomb County

Macomb County Public Transportation Millage

This proposal represents a reduction in previous years' millage rate. If approved, this proposal will assess .95 mills for the years 2022 through 2026, for the purpose of providing continued support for the Suburban Mobility Authority for Regional Transportation (SMART) and its public transportation services for the elderly, the disabled, and the general public within Macomb County.

For the purpose of providing funds in support of public transportation serving the elderly, disabled, and general public, shall the limitation on the amount of taxes assessed on taxable property located within Macomb County, be established at .95 mills for a period of five (5) years, 2022 through 2026? It is estimated that this millage rate would raise approximately \$31,188,115.32 in the first year.
