Replacement Operating Millage Proposal

This proposal would, replace, restore and extend the authority of the School District to levy the statutory limit of 18 mills on all property, except principal residences and other property exempt by law, which currently expires with the School District's 2024 tax levy and allow the School District to levy the statutory limit of 18 mills on all property, except principal residences and other property exempt by law, in the event of future Headlee rollbacks under the Michigan Constitution of up to 2 mills. The authorization will allow the School District to receive revenues at the full per pupil foundation allowance permitted by the State.

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residences and other property exempted by law, in the Utica Community Schools, County of Macomb, State of Michigan, be increased to 20 mills with 18 mills being the maximum allowable levy (\$18.00 on each \$1,000 of taxable valuation), for a period of twenty (20) years, 2023 to 2042, inclusive, as a replacement of the current operating millage which will otherwise expire on December 31, 2024 and a restoration of the portion of the previously authorized millage rolled back as a result of reductions required by the Headlee Amendments to the Michigan Constitution? This millage if approved and levied, would provide estimated operating revenues to the School District of \$41,229,000 during the 2023 calendar year.
