**A. State Library  
B. Administrative Rules  
C. Salaries for Attorney General and Secretary of State**

## 1986 STATEWIDE

# BALLOT PROPOSALS

*On November 4, 1986, Michigan citizens will vote on three statewide ballot questions. These proposed constitutional amendments deal with administrative issues. Voters are making these choices because Michigan's Constitution allows citizens to amend the state's constitution by popular vote. Ballot questions may be placed on the ballot either by the legislature or through citizen petition drives. This year's issues were placed on the ballot by the state Legislature (requiring a 2/3 vote in both the House and Senate). Two citizen-initiated ballot proposals (capital punishment and utility rates) were ruled ineligible for ballot inclusion by the state Supreme Court because the amount of time used to gather signatures had exceeded the statutory limit.*

*Voters will respond to each proposal on the ballot with a Yes or No response. Any proposal approved by a majority of those voting on that question will take effect 45 days after the election. An exception is noted for Proposal C.*

### Proposal A: State Library

#### **The Official Ballot Wording Is:**

A PROPOSAL TO ALLOW FOR THE ESTABLISHMENT OF THE LIBRARY OF MICHIGAN WITHIN THE STATE LEGISLATURE

The proposed amendment would:

Provide clear authority under the state constitution for the establishment of the Library of Michigan within the legislative branch of state government and require that the library be administered by laws enacted by the state Legislature. The Library of Michigan was transferred by statute from the Department of Education to the legislative branch of state government in 1983.

Should the proposed amendment be adopted?

Yes  No

This proposal would amend the state constitution by adding Section 54 to Article IV to establish the state library within the legislative branch of state government.

### **Background Information**

The state library has been in existence since 1828, founded as the Library for the Territorial Council. Designed to serve state government in terms of documentation and research, the library has an annual budget of approximately \$5.2 million and about 100 employees.

There have been a variety of administrative arrangements for the library. Prior to the 1963 constitution, it was operated as an independent state agency. From 1963-83, the library was a part of the Department of Education. In 1983, the Legislature approved a bill (P.A. 98) giving themselves direct management of the library.

### **Proposal Intent**

This proposal would establish the present administrative arrangement for the library within the state constitution, making it more difficult to once again place the library in an executive department. Locating the state library under the direction of the legislature is patterned after the federal model of the Library of Congress.

### **Policy Discussion**

Proponents feel that this plan would more adequately protect the continued existence and strength of the state library. They contend that when the library was located in the Department of Education it was considered one of that department's lowest priorities. Supporters say that the legislature has a more direct interest in the operation of the library.

Although there is no specific opposition, questions are sometimes raised about the wisdom of adding what might be viewed as administrative detail to the constitution.

## Proposal B: Administrative Rules

### **The Official Ballot Wording Is:**

A PROPOSAL ALLOWING FOR THE APPROVAL OR REJECTION OF ADMINISTRATIVE RULES BY THE STATE LEGISLATURE

The proposed amendment would:

Authorize the state Legislature to enact laws which would permit the Legislature to approve or reject administrative rules proposed by state agencies. Administrative rules implement state laws.

Should the proposed amendment be adopted?

Yes  No

This proposal would amend the Constitution (Article IV, Sec. 37) providing for a joint committee of the legislature to approve or disapprove any rule proposed by an administrative agency.

### **Background Information**

At the federal and state levels, there are three branches of government—legislative, executive, and judicial. The Michigan Constitution specifies that: "The powers of government are divided into three branches: legislative, executive and judicial. No person exercising powers of one branch shall exercise powers properly belonging to another branch except as expressly provided in this constitution." (Art. III, Sec. 2)

The executive branch includes administrative agencies, such as the Department of Labor, the Department of Natural Resources, etc. Such agencies develop the rules or regulations to implement, apply or enforce the laws passed by the Legislature. The Michigan Constitution presently provides a limited legislative role in the rules making process by allowing for the existence of an interim joint committee of the Legislature. The Joint Committee on Administrative Rules is currently determined by the state's Administrative Procedures Act of 1969.

This proposal to amend the constitution appeared on the ballot in 1984 and was defeated by the voters.

### **Proposal Intent**

Proposal B would amend the constitution to allow for the continuous existence of a legislative committee to approve or disapprove of administrative rules in whatever manner the Legislature deems appropriate. This proposal would make constitutionally correct what is already being done in Michigan. The

Legislature presently uses a joint legislative committee to approve or disapprove of administrative rules, on a continuous rather than an interim basis. The concern of those who have proposed this amendment is that Michigan's legislative procedures may be declared unconstitutional because of a United States Supreme Court case (Immigration and Naturalization Service vs. Chadha. June, 1983).

The decision concerning a Federal government administrative rules procedure suggests that Michigan's procedures on this matter may also be unconstitutional and in violation of the principle of separation of government powers. If the Michigan Constitution were amended to allow for the current procedure, presumably these actions of the Michigan Legislature would not be declared unconstitutional, regardless of the separation of powers principle.

### **Policy Discussion**

The major argument in favor of passing this proposal is that it would provide clear constitutional authorization for current legislative practice. Supporters suggest that it is appropriate for the Legislature to ensure that administrative rules carry out the legislative intent and that rules are not used as a means for an agency to implement alternative or additional objectives.

Opponents of Proposal B feel that it would further violate the separation of powers principle. They argue that Michigan's present administrative rules veto procedure appears to be a clearer constitutional violation than what has occurred at the federal level. This is because the current procedures for Michigan's Joint Administrative Rules Committee allow the Legislature to pass laws and then render them meaningless by delaying or vetoing the rules.

## Proposal C: Salaries For Attorney General And Secretary Of State

### **The Official Ballot Wording is:**

A PROPOSAL TO EXPAND THE AUTHORITY OF THE STATE OFFICERS COMPENSATION COMMISSION

The proposed amendment would:

Transfer the authority to determine the salaries and expense allowances of the secretary of state and the attorney general from the state Legislature to the State Officers Compensation Commission. The commission currently has the authority to determine the salaries and expense allowances of the Supreme Court. This proposal, if adopted, would go into effect on July 1, 1988.

Should this proposal be adopted?

Yes  No

This proposal would amend Section 12 of Article IV of the state constitution to authorize the State Officer's Compensation Commission to set the salaries and expense allowances of the secretary of state and the attorney general.

### **Background Information**

The role of the State Officers Compensation Commission (SOCC) was created by a constitutional amendment in 1968. Its purpose, as presently specified, is to determine the salaries and expense allowances for members of the Legislature, the governor and lieutenant governor and the justices of the Supreme Court. The salaries for the attorney general and the secretary of state were not included in that constitutional wording. Therefore, the Legislature has been establishing the salaries for the two positions and these salaries can be adjusted only once in a four-year term.

The seven-member commission meets every two years (even years) for no more than a 15-day session. Its members are private citizens appointed by the governor for one four-year term. The terms are staggered. The SOCC determination of salaries for the specified elected officials can only be changed by the rejection vote of 2/3 of the members of each house of the Legislature. This proposal, if approved by the voters, would take effect January 1988.

### **Proposal Intent**

The purpose of this proposal is to standardize the process for establishing salaries for all state elected officials. At present, the only two exceptions are the attorney general and the secretary of state. This plan results from requests (since 1982) by the SOCC that the constitution be changed.

### **Policy Discussion**

Proponents maintain that it is only sensible to treat the salary determination process in a uniform manner for all elected officials. Some observers contend that the legislature has tended to set high salaries for those two offices and then use this as an argument for justifying higher pay for the remaining offices.
